Dear Representative,

On behalf of Eagle Forum and the thousands of families we represent throughout the country, we urge you to **vote YES on the *Safeguard American Voter Eligibility* “SAVE” Act (H.R. 22).**

In recent years, millions of illegal aliens have poured over our borders and overstayed their visas. During last year’s election cycle, we saw targeted campaigns encouraging noncitizens to vote. Certain jurisdictions, including the District of Columbia, welcome noncitizens to vote in local elections. We are pleased with the Executive Order, issued yesterday, that makes clear that, “the right of American citizens to have their votes properly counted and tabulated, without illegal dilution, is vital to determining the rightful winner of an election.” President Trump has committed to “enforce the Federal prohibition on foreign nationals voting in Federal elections.”

Congress must support these efforts by affirming and enforcing federal laws preventing future illegal activity. Multiple states have found illegal immigrants on the voter rolls. In the last decade, the state of Virginia has identified 11,000 illegal aliens on their voter rolls. Recently, the state of New Jersey found 616 aliens on their rolls. This is not a small problem, but it has a simple solution.

Representative Chip Roy’s SAVE Act will codify the President’s EO by requiring individuals to provide proof of citizenship when registering to vote in federal elections and allow states to access federal databases to clean up voter rolls. It simply clarifies and strengthens current law.

For these reasons, Eagle Forum will score in favor of H.R. 22, the SAVE Act. We will add this vote to our Congressional Scorecard.

In strength,

Kris Ullman
President, Eagle Forum
